## **DETAILED ACTION**

1. Amendment filed on 9/27/05 has been received. Information Disclosure Statement filed on 9/27/05 has been received.

## Claim Rejections - 35 USC § 103

- 2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 3. Claims 1 6-10 12-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Schneider (U. S. Patent no. 6,502,821).

Schneider discloses a structural reinforcing member with internal and external members and expandable foam that foams at temperatures associated with e-coat processes. Schneider does not disclose the specific location of the member or the specific shapes claimed. It would have been obvious to one of ordinary skill in the art at the time the invention was made to use such a structure anywhere on a vehicle that is appropriate and to design the element with appropriate shapes for such use as such is merely a design choice.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert A. Siconolfi whose telephone number is 571-272-7124. The examiner can normally be reached on M-F 10 am-3 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James McClellan can be reached on 571 272-6786. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
